

## A GREETING AND A STATEMENT TO OUR OLD CUSTOMERS AND THE NEW ONES WE HOPE TO GET

We wish to express our thanks for favors shown us during the past few years, and also we want to interest you in our plans and aims for the future.

Owing to the great world war of today, which has brought about the scarcity of help, the high cost of merchandise and many other things which are dissatisfying, we are preparing to enter upon a

### Strictly Cash and Carry Plan

September 1st, 1918.

It is our intention to give our customers the benefits of the saving, which means from 15 to 20 per cent on the every day necessities of life and to insure them better and prompt service.

Depend upon us to keep up the high standard of the goods we sell, to give you honest weights and full measure and to cut the corners off prices. We shall depend on increased business and the power of cash to bring results.

SEPTEMBER 1st, STRICTLY CASH AND CARRY.

### GET READY TO DIG DEEP FOR LIBERTY BONDS.

Washington—Tentative plans of the treasury provide for three big liberty loan campaigns within the next year, each to raise \$5,000,000,000 or more. The first will be, from September 25 to October 19, as announced, the next is planned for January or February and the third May or June. This program will be necessary, it is explained, to provide \$15,000,000,000 required in addition to the \$5,000,000,000 to be provided by the new revenue bill. If government expenses and loans to all the fall reach below the \$24,000,000,000 estimate the government is expected to try to combine two loans into one big campaign for the largest credit ever sought by any nation. Such a campaign would be set for some time in the late winter. Money needs between loan periods will be financed by sale of short term certificates of indebtedness as in the past. In addition the treasury looks for a steady inflow of money from tax certificates which banks and corporations probably will buy in billion dollar quantities, which virtually means paying taxes in advance.

Word received Sunday told of the accidental death of Albert Rudat, son of Mrs. Albert Haspel, of this city. He was manager of a chicken house in Hastings and was enroute to New York with a car of poultry. Near Creston, Iowa, Saturday the train of which the car was a part was wrecked and Mr. Rudat was killed. Mr. and Mrs. Haspel went to Hastings last night to attend the funeral. The deceased leaves a wife and several children.

### SUGAR EXPORTS SMALL TO NEUTRAL NATIONS

Only 797 tons of refined sugar were shipped from America to neutral nations during the first five months of this year. This amounted to only 3.2 per cent. of the total exports to all countries. Mexico received more than half the amount we exported to neutrals.

### FRANCE AND BELGIUM GET AMERICAN SUGAR

Ninety-five per cent. of all refined sugar sent from the United States to the Allied nations went to France and Belgium during the first five months of this year.

France got 72 per cent., or nearly 23,000,000 pounds, and Belgium received nearly 11,000,000 pounds, or 23 per cent.

In each country this sugar was doled out by a strict rationing organization. The entire amount to the Allies in these five months—23,791 tons, almost half of which was shipped in May—is only about one-half of 1 per cent. of our total annual consumption.

Sugar Allotment for September, Omaha, Nebr.—Nebraska's allotment for sugar for the month of September for all purposes is 5,158,000 pounds, according to announcement of the Federal Food Administration for Nebraska. One million of this amount is for canning and preserving purposes, the remainder for general household purposes.

The allotment, being the same as for August, means that retailers and all other dealers will receive the same amounts as in July. Household-ers will be permitted to have 2 pounds for each person in the family and retailers will be allotted sugar on this basis. Hotel and public eating places get 2 pounds for each 90 meals served; less essentials, 60 per cent of their former use; essential manufacturers, their requirements; bakers 70 per cent of their use in corresponding periods last year.

## OIL'S THE THING

In tractor operation the selection of the most suitable lubricant determines the life and work capacity of its engine. And this year every farm tractor is a war engine that deserves the most skillful care and operation.

## STANOLIND GAS ENGINE TRACTOR OIL

is especially made to meet the severe lubricating requirements of kerosene burning engines. It meets the specifications of tractor manufacturers and has proved its efficiency by keeping tractor engines up to their gruelling task day in and day out—in all weathers and under all conditions.

It keeps compression tight, lubricates evenly, produces a minimum of carbon and can be depended on to give you a full day's work from your tractor at highest motor efficiency.

Fill your oil tank with Stanolind Gas Engine Tractor Oil and convince yourself.
